

On March 15, 2023, the Colorado Senate passed the pro-abortion bill package deceptively entitled, “Safe Access to Protected Health Care.” The three bills are now in the House of Representatives where they will each receive a committee hearing on **Tuesday, March 28th**. These hearings will be the last opportunity for the public to testify against this extreme legislation. **SB 190** and **SB 188** will be heard in House Judiciary Committee, while **SB 189** will be heard in House Health and Insurance Committee.
